PEOPLE WHO ARE NOT COMPLETELY HUMAN

I have found in my years of research to expose how corrupt the Jewish and Roman Orthodox Catholic and Christian Churches (JROCCC) are that many other truths exist out there that we also need to consider in order to figure out WHAT IS GOING ON TODAY.

The MIGRATION of the ORIGINAL followers of Jesus and Paul have been left out of Biblical history as the JROCCC went about murdering and burning their bibles so that the Roman version of pagan, satanic Christianity would be the only choice out there.

In prophecy as well as in the tidbits of symbolic language used in the Bible we hear words and unusual comments or secret references that the Churches do not talk about even though the words or comments are written into the JROCCC Bible texts. We refer to these sayings as "symbolic language" or "hidden language" or as pagan, satanic "sacred symbolic, alienology language" or "covert language."

One of those many hidden snippets that we think Jesus may have used, that is in the Bible, is a reference to EMPTY VESSLES. They are referred to as soulless people that walk among us today. The first thing we do when we hear about soulless vessels walking around is look around for aliens and demons in our midst or for obviously evil people like Charles Manson etc. However, the Healing Prophet Edgar Cayce refers to these empty vessels as people without a soul.

AI Overview

The Lamb's Book of Life is a biblical concept that refers to a book in which the names of those destined for eternal life are recorded. According to Christian theology, names are entered in this book before the foundation of the world, through the sacrifice of Jesus Christ, also called the "Lamb of God". Those whose names are written in the book are considered saved, while those whose names are not will face separation from God.

There is also another covert word the church does not talk about which is one I think Jesus used regarding those whose names are written in the "lambs book of life." They to me represent

ORIGNAL SOUL and BODY OF MAN (ANIMA) who Jesus created in the very beginning of time that seem to be on a recycling reincarnation system for some unknown reason we can only speculate about today.

EXAMPLE OF SOMEONE WHO DOES NOT SEEM TO HAVE A COMPASSIONATE SOUL

Personally, I do not approve of hunting animals and would be fine if meat was not in the human diet due to all of the health problems it causes. When I think of someone who looks human but lacks human compassion, right a way I think about a hunter that looks at a beautiful deer and then MURDERS IT or any animal for that matter. I SEE A HUGE DISCONNECT between a person looking at a beautiful harmless dear who wants to pet it as opposed to another person who wants to kill the dear. There is an absolute lack of compassion in the person who murders the animal in my opinion. Instead what you find is that they love to kill animals, they love to stalk, hunt and kill.

According to Cayce, empty vessels or soulless people are born without real love and compassion. They are blind to what others are feeling and instead pursue their private goals as they learn to pretend to be compassionate. They appear to come into this world hard wired to seek leadership positions like the AshkeNAZI Zionist, Sephardic Jews and Merovingian DEEP STATE NEW WORLD ORDER ZIONIST politicians.

They can pretend to understand compassion but at the same time lack compassion. They are people whose smiles to do reach their eyes.

To me soulless vessels, soulless people and End of the Ages Prophecy where many evil people will die, is pointing directly at the Deep State movers and shakers as the forces that are coming under attack today as Jesus is predicted to return to earth to CLEAN HOUSE.
